

Lenten Journey/Introduction to Alpha

St. Luke Lutheran Church

20 Candlewood Path, Dix Hills, NY

Wednesday Evenings beginning during Lent

This year, our Lenten journey together will be a little different than previous years. We will be introducing the Alpha program. We pray that you will not only take advantage of this opportunity for yourselves, but to also take this opportunity to invite a guest. We will, together, get down to the basics, discovering anew what life is all about and why Jesus matters to us. I challenge each of you to participate in this journey, to continue to walk with one another and reach those who do not know Christ.

What is Alpha? A video course, dinner and small group to launch a vibrant faith journey.

Why Alpha? Is your faith transforming your life? Do you have a personal relationship with Jesus? Are you a Christian disciple on a mission to impact your family and others? Is your congregation thriving and reaching new people?

Alpha equips Christians and congregations to live their faith and share their faith in non-threatening ways.
